Artesia by Valerie Suter is a captivating abstract artwork that explores movement, color, and organic form through fluid layers of rich red, warm brown, cream, and soft taupe. The dynamic composition evokes natural patterns found in stone, cells, or blooming florals, creating a sense of depth and visual energy. Bold contrasts and flowing contours draw the eye across the canvas, while the neutral backd rop allows the intricate details to stand out. Framed in walnut, this statement piece brings a sophisticated blend of artistry and modern design to contemporary interiors.Dimensions: W 40" x H 60"
