

Nestor Tripod

Short Description: Gold Leaf

SKU: BGW231

$175.00

The Nestor Tripod is modeled after ancient Greek and it possesses a timeless design appeal. It is simple, elegant, modern and ancient at the same time. This piece is made of cast m etal and finished with hand-applied gold leaf. The original model was used for lighting, so we recommend using it to hold a votive candle, burn incense, place an orchid or keep trin kets or offerings. The Nestor tripod would work beautifully on a living room mantel or two could make a wonderful pairing on an entryway console.Dimensions: Dia 8" x H 10.5"
