

Coggia Cocktail Table

Short Description: Toasted Roble

SKU: TAR7051

$4,250.00

The Coggia Cocktail Tables artfully combine two clusters into one striking design, creating the illusion of separate pieces while maintaining a cohesive form. The tabletop features a beautifully crafted oyster roble burl veneer that wraps around rounded edges, made by hand-selecting horizontal cuts from various burls and assembling them into an intricate, puzzle-like pattern that is truly handmade. The base is formed from aluminum sheets pressed against stone, capturing an organic texture that enhances the table's natural app eal. This thoughtful fusion of techniques results in a unique piece that showcases both the beauty of nature and the craftsmanship involved in its creation.Finish: Toasted Roble Burl / Molten Oxidized AluminumWood: RobleDimensions: W 70" x D 45" x H 16"
