

V. Alex

Short Description: Snow

SKU: HNR4044

$195.00

Every Henry Dean object is created out of mouth-blown and handmade glass. The use of a wooden mold is a very primitive tech nique to create glass objects and must be performed by the skilled hands of real artisans. Each time this mold is used, it burns out a little bit, thus giving each object its unique, handmade character.Dimensions: Dia. 11.75" (top) Dia. 8.75" (bottom) x H 14.75"
