

V. Cylinder

Short Description: Black

SKU: HNR4027

$45.00

Every Henry Dean object is created out of mouth blown and handmade glass. The use of a wooden mold is a very prim itive technique to create glass objects and must be performed by the skilled hands of real artisans. Each time this mold i s used, it burns out a little bit, thus giving each object its unique, handmade character.Dimensions: Dia. 5.75" x H 5.75"
