

V. Alentejo

Short Description: Spring

SKU: HNR4036

$485.00

Every Henry Dean object is created out of mouth-blown and handmade glass. The use of a wooden mold is a very pri mitive technique to create glass objects and must be performed by the skilled hands of real artisans. Each time this mol d is used, it burns out a little bit, thus giving each object its unique, handmade character.Dimensions: Dia. 15" x H 11"
