

Cast Crystal Tabletop Accent

Short Description:

SKU: PHI1153

$225.00

Unlike luminous gemstones that have been unearthed and left unpolished, the Cast Crystal Small Liquid Silver Tabletop Accent presents the same faceted surface but gleams just as brightly as polished stones do thanks to the liquid silver finish. Made of composite, the sculptural pieces in this family of decorative accessories include table sculptures and wall sculptures, which can be hung in a wide variety of arrangements to create playful drifts.
