Form and function come together flawlessly in the Benjamin 1-Drawer Side Table. Its structural silhouette is refined by clean lines and an inherent sense of airiness, making it a modern pick that's versatile enough to complement any style of decor. A floating top drawer on our signature soft-closing glides hovers above an open base, creating a built-in box-like frame for a decorative statue or stack of your favorite books. The piece is executed in lacquered linen with a rich navy blue finish and distinctive soft edges, which, combined with an antique brass pull, elevate its aesthetic from simple to sophisticated. Whether standing solo or paired on each side of a bed or sofa, the Benjamin is sure to complete your room.Dimensions: W 24.5" x D 20.5" x H 28.5"
