

Trabe Cocktail Table

Short Description: Bleached Spalted Primavera

SKU: TAR7000

$2,650.00

The Trabe Cocktail Table features a Bleached Spalted Primavera wood top with distinctive grain patterns, supported by a sleek gunmetal base. Its minimalist design balances the organic beauty of the wood with the discrete m etal legs. Sun bleaching is a natural process used in wood furniture to lighten the color of the wood. By exposing the wood to sunlight, the UV rays break down pigments and reduce the wood's natural color, resulting in a light er appearance. This technique not only enhances the wood's grain but also imparts a rustic, weathered look.Finish: Bleached Spalted Primavera, GunmetalWood: Spalted PrimaveraDimensions: W 53.8" x D 39.4" x H 15.75"
