Imitating nature is one thing, but bringing the elemental symbols we see in the woods a hint of elegance is a passion for us at HW Home. Case in point is our Log Side Table, which is made of composite in a crisp gel coat white finish. Cast from a real log, this tree-trunk side table in our Cast Naturals Collection personifies our ethos of modern organic. By treating the surface of this log table to such a clean finish, we've created a chic piece for contemporary interiors. Dimensions: W 26" x D 24" x H 24"
