

Jules Cocktail Table

Short Description: Marbled Concrete

SKU: ALT5003

$2,165.00

The Jules Cocktail Table features a rounded silhouette with a smooth top supported by three sculptural sphere bases. Crafted from marbled concrete, the surface shows soft variation in tone and pattern, ad ding depth while maintaining a clean, neutral look. The combination of curved forms and subtle texture gives the table a balanced, modern presence that works well as a statement piece in a living space.
